

## IP65 Box

UNIVERSAL IP65 PROTECTION BOX

### IP65Box description

The IP65 Box is a plastic house with an SMA antenna connector. You can place the GSM/GPRS modules listed in the compatibility list in the IP65 box so that the module gets IP65 protection.

- Screw the 4pcs cover fastener screw
- Describe the QR code visible to your backboard with your mobile phone or enter your browser address bar:  
<https://ug.gsm0.eu/ip65.html>
- Choose the module type
- Circles indicated by red indicate the recording points of that module in the IP65 Box

### Compatible modules

- ProCon GSM
- ProCon 4G
- InterCom GSM
- InterCom 4G
- EasyCon GSM
- EasyLine GSM
- EasyLine 4G

### Size
