

MT-VOLTAGEIP65-UT15C

Pencil Voltage Meter

AC and DC voltage measurement

Audible warning and visible LED for continuity

Weatherproof IP65

Pencil-type DC/AC Voltage Meter

LCD Display

Wide voltage range with LED indicator up to 690V

Three-phase AC phase position indication

Continuity test

Neutral wire or live wire indicator

Weatherproof IP65

Specifications

Brand	Uni-T
AC/DC LED voltage indication	12; 0~12V 24V; 17V±2V 50V; 35V±5V 120V; 80V±15V 230V; 165V±20V 400V; 300V±30V 690V; 510V±40V
Phase rotation test	Operating Voltage: 0V~690V; Frequency: 50Hz~60Hz
Single wire voltage detection	Operating Voltage: 0V~690V; Frequency: 50Hz~400Hz
Continuity test	Audible warning and visual LED Resistance: 0~100k?
Polarity detection	Positive and negative
Display dimensions	23mm x 12mm
Protection	Weatherproof IP65
LCD AC/DC voltage display	24V~690V ±(3%+5)
Automatic shutdown	Yes, it is available
Power	2 x batteries (R03) 1.5V
Dimensions	51 (H) x 275 (W) x 30 (D) mm
Weight	210 g
